Skills

HMTL	CSS
JavaScript	SaaS
React	Bootstrap

Projects

Portfolio ⊡
Created and maintained a personal portfolio showcasing my front-end development projects. The portfolio demonstrates my skills in HTML, SCSS, and responsive design, with a focus on clean code, accessibility, and user-centered design.

LeaderShip ⊡
Developed a fully functional and responsive website using HTML, CSS, and JavaScript. The website features a clean, user-friendly design with interactive elements and smooth transitions. Implemented responsive design principles to ensure a seamless experience across all devices, and used JavaScript to enhance interactivity and dynamic content.

Kochi ⊡
Completed a front-end development project as part of the Udacity Nanodegree program. The project involved building a fully responsive website using HTML, CSS, and JavaScript. Focused on implementing best practices in web design, including mobile-first design, clean code, and accessibility. Incorporated interactive features with JavaScript and ensured the site's responsiveness across multiple devices and screen sizes.
